

**REVISED BACA COUNTY
EMERGENCY MEDICAL SERVICES RESOLUTION**

WHEREAS, the Board of County Commissioners of Baca County adopted an Emergency Medical Services Resolution on September 18, 1991, and

WHEREAS, the Board deems it advisable to make certain amendments to the resolution.

NOW, THEREFORE, BE IT RESOLVED, by the Board of County Commissioners of Baca County, State of Colorado, that in order to preserve the public health, safety and welfare, and in accordance with the law, the following requirements shall as of November 18, 1992, govern ambulance services and personnel associated therewith within Baca County.

ARTICLE I: Definitions

- A. "Advanced Life Support Ambulance" means an ambulance, in addition to meeting the basic requirements for equipment, must have on the ambulance the equipment and medications as required by the physician advisor's protocol and operating with advanced life support personnel.
- B. "Advanced Life Support Personnel" means a minimum of one State Certified Emergency Medical Technician-Paramedic / EMT-P, or Emergency Medical Technician-Intermediate / EMT-I, or registered nurse with Advanced Cardiac Life Support certification, or a Paramedic or EMT-I serving as a trainee or graduate prior to State Certification and a driver with a valid Colorado Driver's license and current Colorado State certified Emergency Medical Technician-Basic / EMT-B certification.
- C. "Ambulance" means any privately or publicly owned land vehicle, especially constructed or modified and equipped, intended to be used and maintained or operated for the transportation upon streets and highways in the County of individuals who are sick, injured or otherwise incapacitated or helpless.
- D. "Ambulance Driver" means any person who holds a valid Colorado driver's license and meets the requirements as stated in "J" of Article III.
- E. "Ambulance Permit" means the authorization issued by the Board with respect to an ambulance used or to be used to provide ambulance service in the County.
- F. "Ambulance Service" means the furnishings, operating, conducting, maintaining, advertising or otherwise engaging in or professing to be engaged in the transportation of patients by ambulance. Taken in context, it also means the person so engaged or professing to be so engaged. The person so engaged and the

vehicles used for the emergency transportation of persons injured at a mine are excluded from this definition when the personnel utilized in the operation of said vehicles are subject to the mandatory safety standards of the Federal Mine Safety and Health Administration or its successor agency.

- G. "Ambulance Transport" means the transportation of patients originating in the County by ambulances licensed by the County.
- H. "Based" means an ambulance headquartered in or having a substation or office or a permanent station in the County and whose primary response are is dedicated to transporting patients in the County.
- I. "Basic Life Support Ambulance" means an ambulance that meets the requirements for equipment, as established by the Board, is manned by at least one Emergency Medical Technician-Basic / EMT-B currently certified by the State of Colorado and a driver that, as a minimum, has a current American Red Cross Advanced First Aid Card, a Cardiopulmonary resuscitation card, or the equivalent of both as established by the State Advisory Council on Emergency Medical Services and a valid Colorado Driver's License.
- J. "Board" means the Board of County Commissioners of Baca County.
- K. "County" means Baca County
- L. "Emergency" means any actual or self-perceived even with threatens life, limb or well-being of an individual in such a manor that immediate medical care is needed.
- M. "Emergency Call" means those situations requiring the use of sirens and red lights for the purpose of clearing traffic.
- N. "Emergency Facility" means a general hospital with an emergency department staffed twenty-four (24) hours a day, seven (7) days per week, with a licensed physician or an emergency medical outpatient facility staffed twenty-four (24) hours a day, seven (7) days per week with a licensed physician or registered nurse with direct medical supervision by a licensed physician or an emergency facility with a licensed physician who responds on an on-call basis.
- O. "Emergency Medical Technician-Basic / EMT-B" means an individual who holds a valid Emergency Medical Technician-Basic / EM-B certification issued by the Colorado Department of Health, EMS Division
- P. "Emergency Medical Technician-Intermediate / EMT-I" means an individual who holds a valid Emergency Medical Technician-Intermediate / EMT-I certification issued by the Colorado Department of Health, EMS Division.

- Q. “Emergency Medical Technician-Paramedic / EMT-P” means an individual who holds a valid Emergency Medical Technician-Paramedic / EMT-P certification issued by the Colorado Department of Health, EMS Division.
- R. “License” means the authorization issued by the Board to operate an ambulance service in the County.
- S. “Licensee” means the person or entity that has been issued a license by the Board provide ambulance service in the County
- T. “Patient” means any individual who is sick, injured or otherwise incapacitated or helpless
- U. “Physician Advisor” means a physician who establishes protocols or medical acts performed by EMT-Basics, EMT-Intermediates, EMT-Paramedics and / or non-emergency medical vehicle operators of a prehospital emergency medical care service agency and who is specifically identified as being responsible to assure the competency of the performance of the acts by such EM-Basics, EMT-Intermediates, EMT-Paramedics and / or non-emergency medical vehicle operators. A Physician Advisor shall meet all qualifications as outlined in the “RULES DEFINING THE DUTIES AND RESPONSIBILITIES OF EMERGENCY MEDICAL SERVICES PHYSICIAN ADVISORS AND THE AUTHORIZED MEDICAL ACTS OF EMERGENCY MEDICAL TECHNICIANS AND PARAMEDICS” (3-CCR-713-6) or the “ACTS ALLOWED” published and Approved in September 187 by the EMS Division of the Colorado Department of Health.
- V. “Quick Response Team” (QRT) means any organized group acting in cooperation with the established emergency medical services system whose primary purpose is to provide patient care prior to the arrival of an ambulance.
- W. “To Operate in Baca County” means the providing of ambulance services or transport of patients within boundaries of the County.
- X. “Trainee Graduate Paramedic” means an individual who has successfully completed a Colorado Department of Health approved paramedic training course (prior to January 1, 1990) and who is employed or otherwise serving in a practical field training program under the medical supervision of that organization’s physician advisor.

ARTICLE II: REGULATIONS

1. Ambulance Service License Required. No person or partnership or corporation shall provide or operate an ambulance service, publicly or privately in the County using any ambulance based in the County, unless that person holds a valid license to do so issued by the Board.
2. Advanced Life Support Ambulances. When an ambulance service operates or charges, as a paramedic or advanced life support ambulance service, the manning must comply with the definition of advanced life support ambulance.
3. Basic Life Support Ambulance. Any ambulance manned and operated as a basic life support ambulance service, shall in no way advertise, display or claim to be an advanced life support ambulance service unless they are licensed as such.
4. Ambulance Crew Members. No patient shall be transported in an ambulance which is based in the County unless there are two (2) or more persons in the ambulance per definitions for advanced life support ambulance or basic life support ambulance, as defined by these regulations.
5. Ambulance Permit. No ambulance based in the County shall be operated within the County unless a permit has been issued and posted in the patient compartment, as hereinafter provided. All ambulances shall bear evidence that its equipment meets or is equivalent to the minimum requirements set forth in the minimum equipment list established by the Board.
6. Exceptions to Licensing and Permits Required. The provisions of the licensing and permit paragraphs as set forth above shall not apply to the following:
 - a. The exceptional emergency use of a privately or publicly owned vehicle, including search and rescue unit vehicles, or aircraft not ordinarily used in the formal act of transporting patients;
 - b. A vehicle rendering services as an ambulance in case of a major catastrophe or emergency when ambulances with permits based in the localities of the catastrophe or emergency are insufficient to render the service required;
 - c. Vehicles used or designated for the scheduled transportation of convalescent patients, handicapped individuals, or persons who would not be expected to require skilled treatment or care while in the vehicle;
 - d. Ambulances based outside this state which are transporting a patient to Colorado;

- e. Vehicles used solely for the transportation of intoxicated persons or persons incapacitated by alcohol as defined in Section 25-1-301, C.R.S. as amended, but who would not be expected to require skilled treatment of care while in the vehicle
7. Insurance. No ambulance shall operate in the County unless it is covered by insurance as set forth in this paragraph. Each ambulance service shall maintain insurance coverage for each and every ambulance owned, operated or leased by the ambulance service, providing coverage for injury to or death of persons in accidents resulting from any cause for which the owner of the said vehicle should be liable on account of any liability imposed on him by law, regardless of whether the ambulance was being driven by the owner, his agent or lessee, or any other person, and coverage as against damage to the property of another, including personal property, under like circumstances, in the following amounts:
- a. Statutory Worker's Compensation Insurance:
 - b. Public Liability and Property Damage Bodily Injury:

Each Person	\$500,000
Each Accident	\$500,000

Property Damage

Each Accident	\$500,000
---------------	-----------

Professional Liability Coverage:

Each Person	\$500,000
Each Accident	\$1,000,000

Proof of insurance shall be filed with the Board or their authorized representative along with the application for an ambulance service license as required in these regulations. Every insurance policy required shall contain a provision for continuing liability there under to the full amount thereof, notwithstanding any recovery thereon, that the liability of the insured shall not be affected by the insolvency or bankruptcy of the insured, and that until a policy is revoked, the insurance company will not be relieved from liability on account of non payment of premiums, failure to renew license at the end of the year or premiums, failure to renew license at the end of the year or any act or omission of the named insured. At any time said insurance is required to be renewed proof of renewal shall be provided to the Board, or their authorized representative. The motor vehicle insurers shall be complying policy as defined in Section 10-4-703, C.R.R., as amended

A Certificate of insures, with the Board named on the certificate holder's copy, shall indicate the vehicles coverage by the policy, type of insurance, (vehicle and professional liability, etc.), policy number(s), policy effective date, policy expiration date, amount of coverage and contain a provision that thirty (30) days prior written notice of any cancellation, or termination, or revocation of said insurance policy shall be given to the Board.

Any Changes in the status of vehicles listed on the certificate of insurance during the licensing cycle shall be noted on new certificate of insurance and forwarded to the Board or their authorized representatives within thirty (30) days of the changes.

Notification of any changes in insurance shall be made in writing within thirty (30) days of such changes to the Board, or their authorized representative, by the Licensee, to be followed with a certificate of insurance outlined in precious paragraphs. The Board may require additional proof of insurance at any time needed in order to promote health, safety and welfare of residents of the County.

8. Ambulance Specification. Ground Vehicles obtained, licensed and placed in use as ambulances shall, at the minimum, meet the guidelines as established by the State Advisory Council. Variances of the above-mentioned specifications may be granted at the discretion of the Board. All ambulances shall have the name of the ambulance service clearly visible on said vehicles.
9. Ambulance Equipment. Each ambulance shall contain the following equipment which shall be maintained in good working order:
 - a. Emergency lighting and audible warning equipment which complies with Colorado State Law for emergency vehicles.
 - b. Safe tires and in addition, adequate snow tires or chains when weather conditions demand
 - c. In the case of ambulances serving the County, a capability of two-way radio communication with their dispatcher and with one or more emergency facilities.
 - d. Safety belts or other restraining devices for each patient and all personnel.
 - e. A functioning fire extinguisher with current annual inspection of the all purpose dry chemical type, ABC, and of the size as specified on the equipment list for the County.
 - f. The minimal required equipment shall be that listed in the list established by the State Advisory Council on Emergency Medical Services and

approved by the State Board of Health. The Board may add to this list at their discretion as other needs or new methodology becomes known.

10. Inspections. The Board shall appoint and direct inspectors to inspect each ambulance to be issued a permit under a valid license in the County once a year or more often if required by the Board. Such inspection shall determine that each ambulance is being properly maintained and contains the equipment specified in these regulations. Maintenance records shall be made immediately available upon the Board's request. Such inspections shall be in addition to other safety or motor vehicle inspections required to be made under Colorado law and shall no excuse compliance with any requirements of any other applicable Colorado laws. The permit for each ambulance shall be carried in the patient compartment of that ambulance and made available for inspection by the Board or their authorized representative.

11. General Regulations.

- a. The Board shall be authorized to promulgate and enforce such rules and regulations as it deems necessary to provide for quality emergency medical services and insure compliance with Colorado law.
- b. All Ambulances shall deliver patients to licensed emergency facility of the patient's choosing, or as directed by the patient's physician, or member of the patient's immediate family, provided however, when the patient's condition is determined to be emergent, the ambulance service shall deliver the patient to the closest licensed emergency facility, or the facility as designated by the physician advisor. In all cases where a preference is not expressed, the ambulance service should deliver the patient to the nearest appropriate licensed emergency facility. For the public good, in the case of ambulances owned by public entities, previously defined boundaries of an ambulance service area and its delivery destination may override the patient's choice.
- c. No licensed ambulance service shall operate from locations other than those on file with the Board nor shall such licensed ambulance service abandon said location without prior notification to the Board.
- d. Each ambulance service shall make available information concerning the transportation of patients as specified by the Board. The licensee shall make available any information concerning the transportation of patients upon request of the Board.
- e. All ambulance services based in the County must have a physician advisor. The physician advisor shall be notified in writing by the board, or their authorized representative, of any violations of these regulations by the ambulance service or individual licensee.

- f. An ambulance service operating in the County must comply with all county and municipal zoning and other regulations.
- g. All County licensed ambulance services will utilize the statewide emergency medical services uniform prehospital care reporting system operated by the Colorado Department of Health, EMS Division.

12. Quick Response Teams – Minimum Requirements

- a. The County will request a complete list of personnel who may be called upon to respond to an emergency as part of the team. This list shall include the following on each person.
 - 1. Complete Name, Address, and Date of Birth
 - 2. The highest level of training attained
 - 3. Evidence of current Colorado State Department of Health EMT Certificates, American Red Cross Advanced First Aid Card, a Cardiopulmonary resuscitation card, or the equivalent of both.
- b. Copies of operational policies of the Quick Response Team
- c. The name, address of the ambulance service the QRT is associated with.
- d. A description, if applicable, of each emergency response vehicle including make, model, year of manufacture, vehicle identification number, current Colorado State License number.
- e. The area to be served by the Quick Response Team.

13. Quick Response Team Equipment Required – Quick Response Teams providing emergency medical care in the County shall have sufficient supplies and basic life support equipment as defined by the Department. Quick Response Teams responding to hazardous material incidents shall be equipped with approved OSHA breathing apparatus and protective clothing to protect themselves from hazardous environment. This equipment and supplies shall be inspected annually for compliance. Upon satisfactory demonstration of compliance with the provisions of this resolution, the Quick Response Team will be issued a permit to operate for a period not to exceed twelve (12) months, But valid until December 131st of the year of application.

- a. Equipment Required:

One portable suction apparatus with wide-bore tubing and pharyngeal suction tip.

One hand operated bag-mask ventilation unit with adult, child and infant sized masks (clear masks are preferable). Valves must operate in cold weather and the unit must be capable of use with an oxygen reservoir.

One oropharyngeal airways in adult, child and infant sizes.

One portable oxygen equipment with variable flow regulator; adequate length tubing; transparent, non-rebreathing valveless masks in adult and child sizes and transparent valveless infant-sized masks; and nasal canula.

Large and small sterile dressings.

Roller bandages, both soft and elastic, 4" or larger.

Adhesive tape, 2" or larger.

Two clean burn sheets (do not have to be sterile).

Triangular bandages with safety pins.

One lower extremity traction splint.

Extremity immobilizing devices – e.g., inflatable splints or splinting materials for immobilizing the joint above and the joint below the fracture.

Long spine boards and appropriate accessories to immobilize the cervical spine.

One short spine board or equivalent stabilization / immobilization device (e.g., "KED" – Type device) and appropriate accessories to stabilize the cervical spine.

One sterile obstetrical kit that shall contain, at a minimum, sterile gloves, scissors, aspiration device, umbilical clamps or tapes, sterile dressings, towels and plastic bags.

Two-way radio equipment which provides communications between the ambulance in the field and the hospital, clinic or ambulance service physician, advisor or medical control point.

Blood pressure cuff / sphygmomanometer.

Stethoscope.

Sterile irrigation solution (e.g., Normal saline).

Roll of aluminum foil, large enough to cover a new born infant.

Shears or heavy scissors capable of cutting clothing, bandages, boots, etc.

Flashlight with spare batteries and spare light bulb.

“ABC” fire extinguisher, minimum 5 pound capacity.

b. Recommended Optional Equipment:

Mast Pants (Military anti-shock trousers)

14. In the Event of an Emergency – following initial care and stabilization of the patient, a member of a Quick Response Team who holds a valid driver’s license to operate the vehicle referred herein, may use the team’s emergency response vehicle to transport the patient for the purpose of emergency rendezvousing with a ground or air advanced life support unit or ambulance. Such transportation shall be done only with the consent of the patient being transported and in cooperation with the responding ambulance or unit. The use of a vehicle by members of a Quick Response Team shall not render such vehicle an ambulance nor the operator thereof an ambulance driver nor the provision of such service and ambulance service.

15. Treatment Standards – Each Quick Response Team shall adopt and have on file at the time of licensure or permit application, protocols in accordance with standards approved by their Physician Advisor.

ARTICLE III – Licenses

1. Application for Ambulance Service Licenses and Ambulance Permits. An application for an ambulance service license and ambulance permit shall be submitted to
2. the Board and shall contain the following information and necessary supporting documents:
 - a. The name and address and owner of each ambulance.
 - b. The name and address of the person applying for the license, hereinafter referred to as the applicant.

- c. The name and address of the person who will be in charge of the operation of the ambulance service.
- d. The training and experience level of the person who will be in charge of the ambulance service.
- e. The trade or other name, if any, under which the applicant does business or proposes to do business.
- f. A description of each ambulance, including make, model, year of manufacture, motor and chassis number, Colorado State license number for the current year, the length of time the ambulance has been in use and the color scheme, insignia, name, monogram and other distinguishing characteristics used to designate the ambulance.
- g. The location and description of the place or places from which it is intended to operate the ambulance service.
- h. The area to be served by the ambulance service.
- i. The name and address of the physician advisor to the ambulance service.
- j. A list of all emergency personnel who may be called upon to respond to an emergency with the ambulance service. This list shall include the following information.
 - 1. The complete name, address, and date of birth
 - 2. The highest training level attained
 - 3. A copy of current Colorado Department of Health EMT-B, EMT-I or Paramedic certificate; or an Advanced First Aid card from the American Red Cross; or First Responder Course completion certificate; or a Cardiopulmonary Resuscitation card issued by the American Heart Association or the American Red
 - 4. Proof of Valid Colorado driver's license
- k. Copies of operational policies of the ambulance service in accordance with requirements established by the Board. Such requirements shall be submitted to the Board for review and endorsement.
- l. Copies of insurance policies as are set forth in this resolution.
- m. A statement by the Board that the physical inspection of the ambulances, equipment and location of the ambulances has been completed and the ambulances, equipment, and location were found to be in compliance with the provisions of this resolution.

- n. A list of the ambulance services, Fire Protection Districts or other providers of emergency response with which the ambulance service has cooperative agreements.
 - o. Any changes to Article III Licenses shall be made to the Board within thirty (30) days of hire.
2. Issuance of Ambulance Service License and Vehicle Permits. Upon receipt of an application for vehicle permit and license to provide ambulance service, the Board shall review the application and the applicant's record. The Board may approve the issuance to the application of a license to operate an ambulance service and a permit for each ambulance inspected, both of which shall be valid for a period of twelve (12) months following the date of issue providing that:
- a. The ambulance service staff, vehicle, equipment and location comply with the requirements of these regulations.
 - b. The ambulance service personnel are certified or possess at least the minimum qualifications set forth in provisions of these regulations.

3. Ambulance Service License and Vehicle Permit Renewal. Any such license or permit, unless revoked by the Board, may be renewed by filing an application for renewal. Application for renewal shall be filed annually, **BUT NOT LESS THAN THIRTY (30) DAYS BEFORE THE DATE THE LICENSE OR PERMIT EXPIRES.** Renewal notices shall be sent by the Board, to all agencies who currently hold a license or permit, sixty (60) days prior to expiration. However, failure to receive such notice shall not release the individual agency from its responsibility for renewal of said license or permit. If re-application is not received at least thirty (30) days prior to expiration, and applicant's license expires, applicant shall cease operation until license is re-issued.

The procedure for approval or disapproval of applications for renewal of license and permits shall be the same as for new applications.

4. Transfer or License or Permits. No license or permit issued by the Board shall be sold, assigned or otherwise transferred.
5. Change of Ownership. Change of ownership shall require a new application and License as is required for the original application. Any sale or exchange of stock in excess of twenty-five percent (25%) of the total outstanding stock of a corporation to anyone other than an existing stockholder at the time of the original issuance of license shall be deemed a change of ownership for the purpose of these regulations. Any change of ownership or any transfer of stock ownership of ten percent (10%) or more shall be reported in writing to the Board within thirty (30) days of such change or transfer.

ARTICLE IV: Revocation / Suspension Procedures and Hearings

1. The Board may on its own motion or on complaint, after investigation and / or public hearing, at which the licensee shall be afforded an opportunity to be heard, suspend or revoke any license or permit issued by the Board pursuant to these regulations. The licensee shall receive written notice of such temporary suspension and a hearing shall be held no later than ten (10) days after such temporary suspension. After such hearing the Board may suspend or revoke any license or permit issued pursuant to these regulations for any portion of or for the remainder of its life. At the end of such period the person whose license or permit was suspended or revoked may apply for a new license or permit as in the case of an original application. Suspension or revocation may result from violations of :
 - a. Any provision of these regulations, or
 - b. Any law the State of Colorado, or ordinance, or regulation of any municipality of the County and any evidence of such violation may be considered by the Board or,
 - c. Any rules and regulations promulgated pursuant to these regulations
2. All hearings before the Board shall be public and every vote and official act of the Board shall be public. The Board has the power to administer oaths and issue subpoenas to require the presence of person and the production of papers, books and records necessary to the determination of any issue at any hearing which the Board is authorized conduct.
3. Written notice of temporary suspension or revocation as well as any required notice of such hearing shall be given by certified mail to the licensee or permit holder at the address contained in such license or permit application.
4. Any license may be temporarily suspended by the issuing licensing authority pending any prosecution, investigation or public hearing. Nothing in this section shall prevent the summary suspension of such license for a period of not more than thirty (30) days after such temporary suspension. Suspension and hearing shall be held no later than ten (ten) days after such temporary suspension.
5. Suspension of a permit for the operation of any individual ambulance shall be made in writing at any time upon inspection by the individual appointed by the Board to perform such inspection. Also, written notice shall be given by the Board to correct the deficiency within a reasonable amount of time before the hearing to revoke the permit. The Board shall have a hearing on the revocation of such permit and such hearing shall be conducted within ten (10) days of the temporary revocation. A suspension or revocation inspection must be conducted prior to resuming operation. The reinstatement permit may be made by the Board prior to such hearing upon a re-inspection and finding by the Board that the ambulance fully complies with the

provision of these regulations. Upon issuance of a reinstatement no hearing is necessary.

6. Upon revocation or suspension of said license all vehicle permits issued to said ambulance service will be automatically revoked and the license and all permits must be returned to the Board within forty-eight (48) hours.
7. It shall be the duty of the Board to notify local law enforcement authorities, fire departments, hospitals and the physician advisor of revocation or suspension
8. The following practices shall be unlawful and may be grounds for a suspension or revocation of license:
 - a. Willful and deliberate failure to respond to any call in the absence of good cause shown.
 - b. Willful and deliberate failure to transport a patient when required by nature of the injury
 - c. Administering unnecessary treatment or supplies a patient for the purpose of increasing the patient's bills.
 - d. Administration of any substance considered a drug or intravenous fluid unless under direct order of a physician, either present, or by radio or telephone except as permitted by protocol.
 - e. Call jumping, which is defined as a response to a call for ambulance service by an ambulance service company with the knowledge that another ambulance service company has been notified to respond to the call or is actually responding to the call.
 - f. Conduct which constitutes a significant threat to the health or safety of the individuals receiving emergency care from a licensed ambulance service. Such conduct may include, but not limited to: persons who have been convicted of felonies or crimes involving moral turpitude and individuals engaged in substance abuse. Such persons shall be subject to investigation to determine whether the applicant has been sufficiently rehabilitated to accept the responsibilities incumbent on a holder of such license.

ARTICLE V: Miscellaneous

1. Use of Sirens and Emergency Equipment.
 - a. All emergency equipment and warning devices shall be used in accordance with all Colorado traffic statutes, rules and regulations.
 - b. When operating an ambulance with red light and sire, local law enforcement agencies shall be notified and neighboring jurisdictions shall be notified prior to entering those jurisdictions.
2. Alleged Negligence.
 - a. In any legal action against a licensee in which it is alleged that plaintiff's injury, illness or incapacity was aggravated by or was otherwise injured by the negligence of the licensee, no negligence shall be presumed because of such allegations.
 - b. If a judgment is entered against such licensee, he shall, within thirty (30) days, file a copy of such findings and Order of the Court with the Board. The Board shall take note of such judgment for purposes of investigation and take appropriate action if there appears to be any violation of these regulations or of any Colorado law or ordinance or regulation of any municipality in the county.
 - c. The licensee shall notify the Board of any judgment pending against the licensee in reference to the above section a and b.
3. Section 25-3.5-306. Violation – Penalty. Any person who violates any provision of 25-3.5-301, et seq., C.R.S., commits a class 3 misdemeanor and shall be punished provided in 18-1-106, C.R.S.
4. Remedies. These regulations create no private remedy for the breach of any provision of these regulations. The penalties set forth herein are the sole and exclusive penalties and remedies for the breach of any provision of these regulations.
5. Severability. If any of the provisions of these regulations are determined to be invalid, such determination shall not affect the remaining provisions of these regulations.
6. Emergency Medical Services County Council. The Board shall appoint an Emergency Medical Service County Council for the purpose of advising the Board regarding standards for treatment, transportation, training or emergency medical services personnel, communications, documentation systems and appropriation of monies received from State or Federal funds.

7. Data Collection. The Board may require each ambulance service to participate in the data collection which is required by the Colorado Department of Health.

MOVED, PASSED AND ADOPTED this 18th day of November, 1992

BOARD OF COUNTY COMMISSIONERS
