

Job Description – Emergency Medical Responder (EMR)

Duties/Responsibilities:

An Emergency Medical Responder (EMR) may function in the context of a broader role, i.e., law enforcement, fire rescue or industrial response. With a limited amount of equipment, the EMR answers emergency calls to provide efficient and immediate care to ill and injured patients. After receiving notification of an emergency, the EMR safely responds to the address or location given, using the most expeditious route, depending on traffic and weather conditions. The EMR must observe traffic ordinances and regulations concerning emergency vehicle operation. The EMR:

- Functions in uncommon situations while remaining calm;
- Has a basic understanding of stress response and methods to ensure personal well-being;
- Has an understanding of body substance isolation;
- Understands basic medical-legal principles;
- Functions within the scope of care as defined by state, regional and local regulatory agencies;
- Complies with regulations on the handling of the deceased, protection of property and evidence at the scene, while awaiting additional EMS resources.

Before initiating patient care, the EMR will "size-up" the scene to determine if the scene is safe, to identify the mechanism of injury or nature of illness, the total number of patients and to request additional help, if necessary. In the absence of law enforcement, the EMR creates a safe traffic environment, such as the placement of road flares, removal of debris and redirection of traffic for the protection of the injured and those assisting in the care of injured patients. Using a limited amount of equipment, the EMR renders emergency medical care to adults, children and infants based on assessment findings. Duties include but are not limited to:

- Opening and maintaining an airway;
- Ventilating patients;
- Administering cardiopulmonary resuscitation;
- Providing emergency medical care of simple and multiple system trauma such as:
- Controlling hemorrhage,
- Bandaging wounds,
- Manually stabilizing injured extremities.
- Providing emergency medical care to:
- Assist in childbirth
- Manage general medical complaints, altered mental status, seizures, environmental emergencies, behavioral emergencies and psychological crises.
- Searching for medical identification emblems as a guide to appropriate emergency medical care.
- Reassuring patients and bystanders by working in a confident, efficient manner.
- Avoiding mishandling and undue haste while working expeditiously to accomplish the task.

Where a patient must be extricated from entrapment, the EMR:

- Assesses the extent of injury and assists other EMS providers rendering emergency medical care and protection to the entrapped patient
- Performs emergency moves and assists other EMS providers in the use of prescribed techniques and appliances for safely removing the patient
- Assists other EMS providers, in lifting the stretcher, placing the stretcher in the ambulance, and seeing that the patient and stretcher are secured
- If needed, radios the dispatcher for additional help or special rescue and/or utility services
- In case of multiple patients, performs basic triage.
- Reports directly to the responding EMS unit, emergency department or the communications center the nature and extent of injuries, the number of patients, and the condition of each patient.
- Identifies assessment findings that may require communicating with medical control for advice.
- Constantly assesses patient and administers additional care while awaiting additional EMS resources and while enroute to the emergency facility.

For purposes of records and diagnostics the EMR reports verbally and in writing, observations and emergency medical care of the patient at the emergency scene and in transit, to the responding EMS unit or the receiving medical facility staff. Upon request, the EMR provides assistance to the transporting unit staff or the receiving medical facility staff.

After each call, the EMR:

- Restocks and replaces used supplies,
- Cleans all equipment following appropriate disinfecting procedures,
- Carefully checks all equipment to ensure the availability for the next response
- Maintains emergency vehicle in efficient operating condition
- Ensures that the emergency vehicle is clean and washed and kept in a neat orderly condition
- In accordance with local, state or federal regulations, decontaminates the interior of any vehicle used to transport patients after transport of a patient with contagious infection or hazardous materials exposure.

Additionally the EMR:

- Determines that the emergency vehicle is in proper mechanical condition by checking items required by service management
- Maintains familiarity with specialized equipment used by the service
- Attends continuing education and refresher education programs as required by employers, medical control and licensing or certifying agencies.

Reporting:

The EMR will report to the Captain of the area of responsibility to which the EMR is assigned. Ultimately the EMR reports to and works under the direction of the EMS Chief. The EMR will work on scene independently until a higher level of provider arrives. Once a higher level of provider arrives on scene the EMR will report and work in cooperation of the higher level provider.

Qualifications:

- 16 years of age or older
- Complete and successfully pass a background check
- Complete and successfully pass a driving history check
- Professional rescuer level CPR
- Have a current EMR Card or Certificate in good standing issued by the American Safety and Health Institute, Colorado Division of Fire Prevention and Control or the National Registry of Emergency Medical Technicians (NREMT)
- A valid driver's license

Physical Requirements:

Aptitudes required for work of this nature are good physical stamina, endurance, and body condition that would not be adversely affected by having to walk, stand, lift, carry and balance at times, in excess of 125 pounds. Motor coordination is necessary because of uneven terrain, the patient's and EMR's wellbeing, as well as other workers' wellbeing must not be jeopardized.

EEOC/ADA:

The Walsh Ambulance Service is an Equal Opportunity Employer and will not discriminate on the basis of race, creed, color, age, religion, marital status, status with regard to public assistance, national origin, physical or mental disability or sexual orientation.
